

Summer Camp

Dear Parents,

Our Summer Camp Calendar is finally complete, and I will take this time to explain how our summer will go this year!!!

We have a lot planned and I hope everyone likes all the things we are going to do. I have not priced the activity fee just yet because I need to see if anyone is coming back for the summer and I will know by Monday June 8th. Parents can pay out of their credit balances if they like and if you do not have a credit balance and are coming back it does not have to be paid up front. It can be paid weekly if you need that. I can tell you right now its \$115 for all these activities but if more children come back it will go down.

I broke up the calendar so it will be easy to remember what is going on every week.

Mondays are fun cooking days

We will also have Quiver Farm bring down a Momma Bunny and her babies for 3 weeks for us to help take care of their needs. It should be exciting to have them here for 3 weeks. Depending on when she gives birth, we are hoping they will arrive this day.

We are doing major improvements to our outside area and I will let all families know now of what I am planning to do for our school.

-We are getting new landscaping by Just-In Time Landscapers

-Mr. Mike Constantini (Roger and Ashley Sauer's kind neighbor) has made a beautiful deck area to eat on in the shade where our old shed was located (thank you Lars Olson for tearing it down)

-We acquired a new shed to keep all our summer supplies in (and our Christmas Tree)

-We put a small Gazebo on our Toddler side for meals outside...The children have used it already 😊

-I have a carport coming for the center of our yard. It will be 18 x 21 and will hold our picnic tables so the children can eat outside, do projects outside and have get together.

-I am building 8 covered but open Activity "houses" that will have Language, Art, Music, Water and Mud, A House with a "fireplace" and kitchen and three riding areas that the children can play on...a fire truck, a train and a car. Hopefully, these will be done by June 22 to be placed in the yard. I may need some help the day we bring them down on the truck. Anybody wants to volunteer to help, let me know.

-We will have a Swing Fire Pit area for story times, circle time or just relaxing in the shade. Charlie and Flora Rudd's Dad has agrees to help with this project!!!

-Wood Chips were put by small climber. I am getting wood chips for big climber as well.

Finally, I am going to asphalt the back-parking lot so the children can ride their bikes safely.

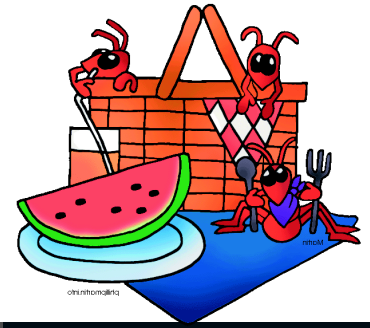

We are changing for the better and we are all excited for the new changes to make our school more enjoyable, safe and fun.

If anyone has any questions, please feel to call me, or come in and we can talk.

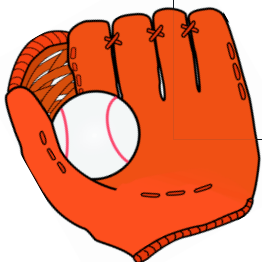

I hope everyone enjoys all the fun things we will do this summer!!!!

Ms. Kim
