

IEP Information for New Families

We at Little Sunshines would like to be the best possible help to your child and family. We offer many programs to help the whole child on many different levels. If you are currently in need of support and are not in a program, we can help. If you are already in a program and have a current IEP, we are here to follow through and to help your family in anyway.

Please check which applies to your family:

Little Sunshines needs a copy of your current IEP and to set up an initial consultation with your Child's Professional. We will make a copy of their weekly visits and keep one in their file, one for their child's teacher and one for parents. We will have monthly meetings to discuss and strategize the goals the IEP Professional has set for your child to progress forward. We will work as a team in any way possible for your child to learn and grow. Communication is the key for everyone involved to work together for your child's bright future.

Thank you in advance for your time with this matter and we look forward to serving you and your family.
